Object marker

COLOR

White background

TYPICAL CA MINIMUM SIZE

Per CA MUTCD object-marker standards

COMMON TCP PLACEMENT

Advance warning area, ahead of the work

CA MUTCD REFERENCE

CA MUTCD Part 3F (Object Markers)

FIELD USE NOTES

The OM2-1V Object Marker Type 2 sign is a California MUTCD object marker sign. It is shown here as an educational reference with the official FHWA Standard Highway Signs layout and California sizing guidance. In the field, OM2-1V Object Marker Type 2 is typically positioned at the advance warning area, ahead of the work. Common deployments include used where object marker type 2 conditions apply on a California project; selected and sized per the CA MUTCD and the roadway type; coordinated with the overall traffic control plan and permit. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
