

OM3-L

Object Marker (Type 3)

**CATEGORY**

Object Markers

SHAPE

Rectangle (Vertical)

COLOR

Alternating yellow and black stripes

TYPICAL CA MINIMUM SIZE

Per CA MUTCD object-marker standards

COMMON TCP PLACEMENT

Advance warning area, ahead of the work

CA MUTCD REFERENCE

CA MUTCD Part 3F (Object Markers)

FIELD USE NOTES

A striped Type 3 object marker used to mark the end of a roadway or a substantial obstruction, with stripes indicating the direction to pass. In the field, OM3-L Object Marker (Type 3) is typically positioned at the advance warning area, ahead of the work. Common deployments include marking the end of a closed roadway; mounted on barricades at closures; directing traffic around full obstructions. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
