FIELD USE NOTES

Posts the maximum legal speed for the roadway, establishing the enforceable speed limit drivers must not exceed. In the field, R2-1 Speed Limit is typically positioned at the point of regulation within the activity area. Common deployments include posting reduced work-zone speed limits; established under the proper speed-setting authority; used with work-zone warning signing. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
