

R3-3

No U-Turn

**CATEGORY**

Regulatory Signs

SHAPE

Rectangle (Vertical)

COLOR

White background, black legend, red circle and slash

TYPICAL CA MINIMUM SIZE

Per CA MUTCD minimum for the roadway type

COMMON TCP PLACEMENT

Advance warning area, ahead of the work

CA MUTCD REFERENCE

CA MUTCD Part 2B (Regulatory Signs)

FIELD USE NOTES

Prohibits a U-turn at the location where the sign is posted, making it illegal to reverse direction. In the field, R3-3 No U-Turn is typically positioned at the advance warning area, ahead of the work. Common deployments include prohibiting U-turns at closed median openings; work zones with shifted or realigned lanes; locations where a U-turn would conflict with construction activity. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
