Per CA MUTCD minimum for the roadway type

COMMON TCP PLACEMENT
Advance warning area, ahead of the work

CA MUTCD REFERENCE
CA MUTCD Part 2B (Regulatory Signs)

FIELD USE NOTES

The R8-1 No Parking on Pavement sign is a California MUTCD regulatory sign. It is shown here as an educational reference with the official FHWA Standard Highway Signs layout and California sizing guidance. In the field, R8-1 No Parking on Pavement is typically positioned at the advance warning area, ahead of the work. Common deployments include used where no parking on pavement conditions apply on a California project; selected and sized per the CA MUTCD and the roadway type; coordinated with the overall traffic control plan and permit. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
