

# R9-5

## Bicycles Use Pedestrian Signal

**CATEGORY**

Pedestrian &amp; Sidewalk Closure Signs

**SHAPE**

Rectangle

**COLOR**

White background, black legend

**TYPICAL CA MINIMUM SIZE**

24" x 12" to 24" x 18" (pedestrian sign)

**COMMON TCP PLACEMENT**

At and in advance of the pedestrian/sidewalk closure

**CA MUTCD REFERENCE**

CA MUTCD Part 2B (pedestrian/sidewalk regulatory signs) and Part 6F

### FIELD USE NOTES

The R9-5 Bicycles Use Pedestrian Signal sign is a California MUTCD pedestrian / bicycle sign. It is shown here as an educational reference with the official FHWA Standard Highway Signs layout and California sizing guidance. In the field, R9-5 Bicycles Use Pedestrian Signal is typically positioned at the at and in advance of the pedestrian/sidewalk closure. Common deployments include used where bicycles use pedestrian signal conditions apply on a California project; selected and sized per the CA MUTCD and the roadway type; coordinated with the overall traffic control plan and permit. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
